

IMPORTANT DATES AND DEADLINES

Application submission	April 15
Abstracts submission	May 31
Second announcement	July 31
Payment of registration fee	July 31
Accommodation reservation	August 31

CONFERENCE FEE

Regular participant (Member of Slovak Spectroscopic Society or Ioannes Marcus Marci Spectroscopic Society)

4700 SK, 3600 CZK, 140 EUR

Regular participant (Non-Member of Slovak Spectroscopic Society or Ioannes Marcus Marci Spectroscopic Society)

5700 SK, 4400 CZK, 170 EUR

Student (Member of Slovak Spectroscopic Society or Ioannes Marcus Marci Spectroscopic Society)

2350 SK, 1800 CZK, 70 EUR

Student (Non-Member of Slovak Spectroscopic Society or Ioannes Marcus Marci Spectroscopic Society)

2850 SK, 2200 CZK, 85 EUR

Accompanying person

1800 SK, 1400 CZK, 55 EUR

The conference fee includes Welcome Party, Book of Programme and Abstracts, Conference Dinner, Proceedings and the cost of refreshments (coffee/tea breaks).

At the payment after July 31 the conference fee increases by 20 %.

ACCOMODATION

The accomodation will be provided in the special facility of the Office of the National Council of the Slovak Republic in Častá-Papiernička (www.castapapiernicka.sk) in three star standard rooms in suites and bungalows.

INTERNATIONAL SCIENTIFIC COMMITTEE

E. Bulska, Poland
K. Danzer, Germany
J. Dědina, Czech Republic
K. Flórián, Slovak Republic
A. Gilmutdinov, Russia
D. Günther, Switzerland
V. Kanický, Czech Republic
G. Knapp, Austria
J. Kubová, Slovak Republic
P. Matějka, Czech Republic
M. Miglierini, Slovak Republic
M. Veber, Slovenia
G. Záray, Hungary

ORGANIZING COMMITTEE

J. Kubová, chairperson
M. Bujdoš
I. Hagarová
P. Matúš
J. Medved'

Comenius University in Bratislava
Faculty of Natural Sciences
Geological Institute

K. Flórián
D. Remeteiová
Technical University of Košice
Faculty of Metallurgy
Department of Chemistry

Viktor Kanický
Ioannes Marcus Marci
Spectroscopic Society
Brno, Czech Republic

ABSTRACT SUBMISSION

Details of abstract submission can be found on conference webpage.

Comenius University in Bratislava
Faculty of Natural Sciences
Geological Institute

Technical University of Košice
Faculty of Metallurgy
Department of Chemistry

Slovak Spectroscopic Society
member of the Association of
Slovak Scientific and
Technological Societies

Ioannes Marcus Marci
Spectroscopic Society

cordially invite you to attend

THE XIXth SLOVAK - CZECH SPECTROSCOPIC CONFERENCE

October 12 – 16, 2008

Častá - Papiernička
Slovakia

FIRST ANNOUNCEMENT

AIMS AND SCOPE

The XIXth Slovak-Czech Spectroscopic Conference (XIXth SCSC) is proceeding with a long term scientific cooperation between both spectroscopic societies. The meetings organized by the Czechoslovak spectroscopic society in the past and the continuation in the tradition of the Slovak spectroscopic conferences (SSC) will continue as joint events to the future. The last SSC took place in Spišská Nová Ves (Slovakia) in 2006, see the official web page: <http://oldwww.fns.uniba.sk/ssk>. The aim of the XIXth SČSK is to bring together experts from universities, academia, official centers, various laboratories, and industry on a world-wide scale, to summarize the current progress in different areas of spectroscopy and to stimulate contacts and mutual exchange of experiences and ideas. The programme will consist of invited lectures, oral and poster presentations devoted to the relevant fields of spectroscopy. Ample time for discussion will be provided. The **official languages** of the conference will be Slovak, Czech, and English.

CONFERENCE TOPICS

Spectroscopy: theory, techniques and trends in the analysis of the chemical, environmental, geological, biological, food and industrial materials

Speciation, speciation analysis and fractionation of the elements

Sample Preparation and pretreatment

Chemometrics, Metrology and Quality Assurance

CONFERENCE VENUE

The XIXth Slovak-Czech spectroscopic conference will be held in the special facility of the Office of the National Council of the Slovak Republic in Častá-Papiernička. The centre is located about 40 km northeast from Bratislava, the capital of Slovakia.

The facility lies in a beautiful environment of the protected landscape region Little Carpathians. The only Slovak limestone cave originated as a result of cleavage - Driny Cave is also located in the nearby Smolenice Karst. The region is rich in history, tradition and culture, too. The stone Castle Červený Kameň, originally a king castle from the half of 13th century functioned as part of a fortified castle line on the west border of Austria. In the 16th century Pálffy family acquired the castle, rebuilt it and transformed it into a Renaissance-Baroque palace full of magnificent interiors. Nowadays you can see a permanent exhibition of historical furniture and weapons there. In the neighbourhood of Častá there are cities Modra (well-known ceramics Slovak Folk Majolica) and Pezinok, which are centres of the Malokarpatsky wine region, the most important wine region of the Slovakia.

APPLICATION FORM

student ☐

First name:

Surname:

Institution/Company/Firm and address:

E-mail:

Phone:

I am interested only in participation ☐

I intend to offer a lecture presentation ☐

I intend to offer a poster presentation ☐

I wish to exhibit commercial products ☐

(please check)

Preliminary title of contribution:
